## Hot Looks: Products We Love

by **Vanity Fair** September 30, 2010, 4:30 PM

**1.** We love **Kenzo's** vibrant and citrusy FLOWERBYKENZO fragrance. Floral notes blend with a musky, powdery base for an elegant, textured scent.

**2.** Get an even complexion and protect your skin with **Tarte's** Smooth Operator, an oil-free, chemical-free tinted moisturizer with SPF 20.

**3.** Perfect your eye area with **Brow Diva's** Get Diva'd brow kit. The Brow Control mascara keeps unruly hairs in place, and the Brow Base subtly fills in sparse areas.
